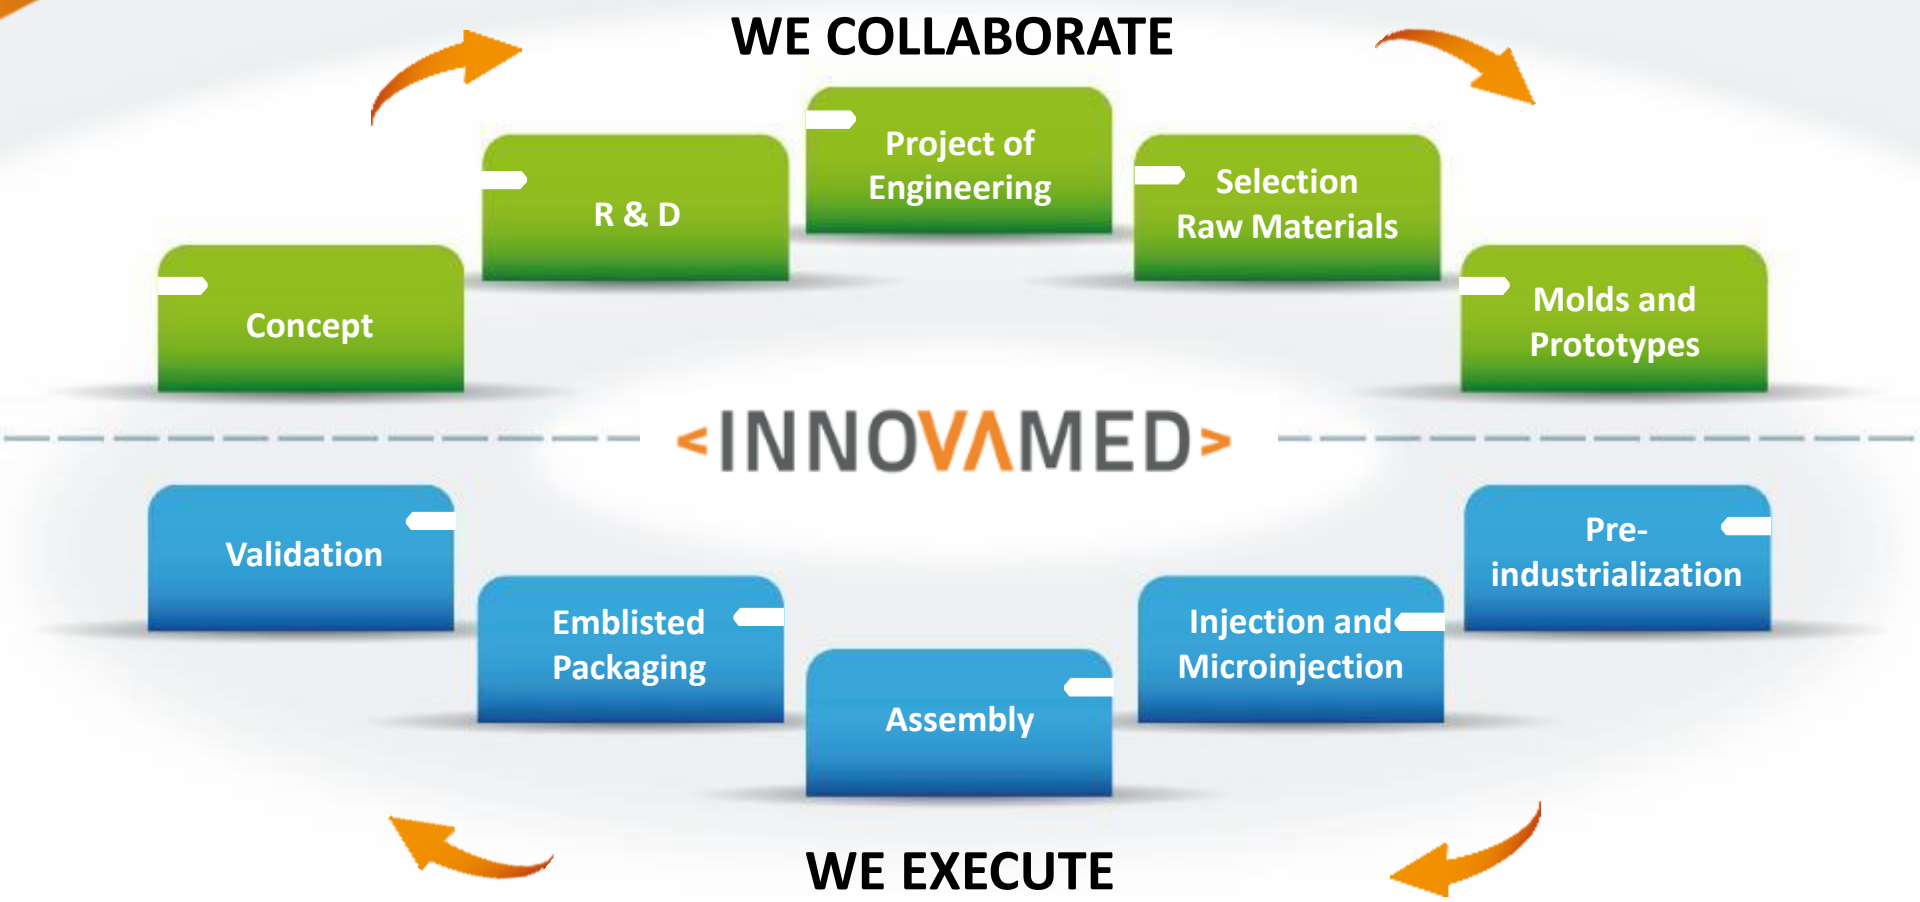
Operative



<INNOVAMED><INNOVAMED><INNOVAMED><INNOVAMED><INNOVAMED><INNOVAMED><INNOVAMED><INNOVAMED>

Why INNOVAMED? Structure

- Adapted and exclusive for medical device
- Integral Service in White Room ISO-7:
  - Injection - handling - packaging / blistering
- Exclusively production for third parties
- Certifications: ISO-13485, ISO-9001
- Qualified ISO-7 Clean Room
- Robotization of production lines:
  - Artificial vision cameras
  - Welding of components
- Advice in the pre-industrialization phase and molds
- Proximity and customer orientation
- Confidentiality

Why INNOVAMED? Expertise

- Product quality based on:
  - Productive regularity
  - Traceability
  - Audit of clients
  - Validation processes adapted to customer requirements
  - Customer specifications
  - Quality Management System
- Short and medium series
- Injection in Peek
- Microinjection
- Wide variety of materials: PP, PVC, PEEK, Polycarbonate, PE, PP, TPE ...
- Start-ups and development of new projects

<INNOVAMED><INNOVAMED><INNOVAMED><INNOVAMED><INNOVAMED><INNOVAMED><INNOVAMED><INNOVAMED>

Why INNOVAMED? Special projects

- Overmolding
- Bi-injection
- Special treatment on molds
- Laser micromachining
- Special cooling systems
  for production with high melting point plastics
- Textured functional design for:
  - Security prints
  - Generation of water-repellent surfaces
